PROFILE

Computer Science graduate and MSc Cybersecurity student, focused on cloud infrastructure and network automation. Experienced in implementing containerized applications with Docker and developing custom scripting tools and bots in Go. Keen to develop these skills further by supporting, monitoring, and automating infrastructure at scale.

EDUCATION

Swansea University <i>Master of Science in Cybersecurity (Projected 1st)</i>	Swansea, Wales September 2025 – Present
Swansea University <i>Bachelor of Science in Computer Science (Achieved 2:1)</i>	Swansea, Wales September 2022 – July 2025

TECHNICAL SKILLS

Languages: Golang, Python, Java, JavaScript, SQL, PHP, HTML/CSS
Cloud & DevOps: AWS (IAM/CloudTrail), Docker, Linux, Virtualization (VMware), TCP/IP, CI/CD
Frameworks: Laravel, React.js, Node.js, Vue.js, Tailwind CSS
Developer Tools: VS Code, Postman, Git/GitHub, Agile Methodology

PROJECTS

CS2 Arbitrage Trading Bot | *Golang, Proxy Management*

- Built an automated bot that identified undervalued CS2 items for purchase and resale.
- Overcame anti-bot detection issues using sophisticated proxy management and automation techniques to prevent blocking.
- Generated over £10,000 in profit, demonstrating expertise in automation and maintaining high system reliability.

Privilege Gap Analyser | *Golang, AWS CloudTrail, IAM*

- Developing a high-performance cloud security auditing tool to identify privilege gaps within AWS environments.
- Implementing a concurrent pipeline using Goroutines to process massive CloudTrail logs and IAM policy datasets with lower latency than traditional products.
- Architected an algorithm to compare assigned permissions against usage to enforce the principle of least privilege.

Financial Social Media App | *React, Laravel, Tailwind CSS, MySQL, Docker*

- Designed and built a finance social app enabling secure, anonymous discussions and interactive financial tools.
- Leveraged containerised deployment (Docker) and authentication systems to solve challenges around user privacy.
- Achieved a First-Class grade(72%) for the project's technical execution and secure architectural design quality.

EXPERIENCE

Sales Advisor <i>Euro Car Parts</i>	December 2025 – Present Swansea, Wales
• Processed over £3,000 in daily sales while managing technical product knowledge and inventory/CRM systems.	
Food & Beverage Assistant <i>Miskin Manor Hotel</i>	August 2021 - November 2022 Pontyclun, Wales
• Collaborated in a team environment of 10+ staff to provide quality customer service and resolve problems.	
Polling Station Worker <i>Cardiff Council</i>	Various Dates Cardiff, Wales
• Maintained accurate digital records and ensured compliance with secure operational processes.	

ACHIEVEMENTS & LEADERSHIP

Second Uni Team Golf Captain: Coordinated logistics, managed schedules, and fostered team collaboration.
Duke of Edinburgh Bronze Award: Strengthened resilience, adaptability, and collaborative problem solving skills.
